

Farzad Mohammadi

[Website](#) | [Email](#) | [LinkedIn](#) | [GitHub](#)

Research Interests Performance Predictability for Distributed Systems
Microservice networking, scheduling, and load balancing

Education **Ph.D. in Computer Science** Oct 2024–Present
Department of Computing
Imperial College London, UK
Advisor: [Marios Kogias](#) ([Large Scale Data & Systems Group](#))

M.Sc. in Communication Networks Sep 2021–Sep 2024
Electrical and Computer Engineering Department
University of Tehran, Iran
Advisor: [Vahid Shah-mansouri](#)
Thesis: Digital Twin-Assisted Network Orchestration in Multi-Cloud Networks ([code](#), [preprint](#))
GPA: 19.47/20 (Ranked 1st out of 32 students)

B.Sc. in Electrical Engineering Sep 2017–Sep 2021
Electrical Engineering Department
K. N. Toosi University of Technology, Iran
GPA: 18.98/20 (Ranked 2nd out of 126 students)

Experience **Sina Communication System, Iran** Jul 2021–Jun 2022
DevOps Intern
Worked on performance debugging and automated testing for microservices

K. N. Toosi University of Technology, Iran Jul 2019–Jul 2021
Software Engineer
Backend developer for web-based network planning software

Services **Teaching Assistant**
Operating Systems 2025
Computer Networks and Distributed Systems 2025
System Performance Engineering 2025
Networks and Communications 2022/2025
Engineering Electromagnetics 2019/2020

Artifact Evaluation Committee
ATC'25

Conference/Workshop Volunteer
VLDB'25, NTU-Imperial Beyond-Binary Hackathon'25

Awards	Full Doctoral Scholarship Award	2024-2028
	Admission to the Talented Students M.Sc. Program	2021
	Dean's List	2019, 2020, 2021
Skills	Programming	
	C/C++, Go, Python, Java, Bash	
	Languages	
	English (Fluent), Persian (Native)
